

EDUCATION AND HEALTH

COMMUNITY CONSULTATION FEEDBACK

You told us:

Plan school provision before development is approved to ensure sufficient school places in the parish

Increased medical facilities (Health Centre and GP) within the Parish

Improve pedestrian access to the local school to encourage walking

QUESTIONNAIRE RESULTS

99% said it was important to have adequate provision of school places within the parish to accommodate children in the parish and the ability for them to walk to school

45% said it was difficult to book an appointment with the doctor

87% found it easy to access optician services

63% found it easy to visit a pharmacy

OBJECTIVES

To improve access to health services for the parish

To ensure sufficient capacity for children living in the parish to access primary education within the parish.

Do you agree with these objectives?
